PROFILE

This is my sixteenth year as a middle school art educator. Art has been a genuine passion of mine since a very young age, and I still get goosebumps when I see my students experience the same spark. I believe that art is more than a hobby or a special talent you are born with; it is an innate component of being human. I strive to give kids an art experience that is well-rounded, inclusive, and inspiring for them to carry with them through the rest of their education.
